HOSPITALITY ADMINISTRATION SERVICES (AHAS)

BUILDING RELATIONS SINCE 13 YEARS

Asparagus Hospitality started its journey in 2010 with Event and Wedding Planning Services, with in-house Food Catering and Decoration Unit, under the Brand names **Asparagus Catering Unit** and **Asparagus Event & Wedding Decors** respectively, which helped them to maintain the same quality and pocket-friendly budget for their clients.

Founder Pritam Dutta, Alumni IHM Taratala (Kolkata) spread Asparagus's services to Destination Weddings, promoting Bengal's Offbeat Destinations for Exotic Events and Weddings, and expanded its services to the North East Part of India also.

A destination wedding is any wedding in which the engaged couples and a majority of their guests travel to attend the wedding ceremony.

Destination weddings give the couple the opportunity to choose a site that has a special meaning for them, such as a favorite country or mountain view or beach or they might simply choose a beautiful location they'd like to spend time in with their close friends and families.

EXOTIC FOOD SPREAD IN OUTDOOR CATERING

(A Change in Variety, Experimentation and Result)

From The Owners Desk

Since 2012, I have observed a need of variations in the food menu especially in a wedding. It already became the same raw materials used in a different way in most of the weddings. Very few caterers in Kolkata tried experimentation with the array of options which can be incorporated in a set menu. After being a graduate from IHM, Taratala – Kolkata and specialized in food and beverage the urge of offering something new was always there in back of my mind. Gathering some practical exposure from the global kitchens, I thought of using different raw materials but cooking them – my own way. I kept the raw materials fixed but changed the process and taste of it than its usual.

In the non-veg category seafood like octopus, cuttlefish, crabs, squids, molluscs, baby shark became hot favourites. Quail, turkey, emu cooked in a fusion style got an edge over regular food menus.

Veg Category makes its basket with zucchini, canistel, chayote, durian, kohlrabi, dragon fruit or pitaya, asparagus, broccoli, different varieties of mushrooms with cherry tomatoes, soy milk products like tofu with cheddar cheese and world-class salads.

Non-Veg Dishes – Smoked Octopus in Brown Gravy, Emu Xacutti, Emu in Handi Gravy, Quail in Lababdar gravy, braised turkey florentine, quail egg with shredded cheese and mexican herbs, etc.

Veg dishes and desserts – deep-fried sesbania with tartar dip, mixed green salad, stuffed canistel with mushroom and cheese, durian with sticky rice and flavoured rabri, etc.

*It's always been a pleasure to serve your own people with something new.
The appreciations are our inspiration to serve better and
present more unique delicacies.*

COVID SCENARIO

- The pandemic affected the whole industry a lot, and we are also a part of it.
- The main challenge for us was to sustain in the market with monthly fixed overhead costs and no revenue earning at all. We kept in touch with all our guests, updating them with the latest rules and trying to be positive during these hard situations.
